

WOMEN DEVELOPMENT CELL (WDC)
Government Polytechnic College, Palakkad.

WDC is established in our college with an aim to educate enrich and empower woman students and staff of the college and hence to promote their general wellbeing inside and outside the campus. The objectives of the Woman Development cell are:

1. To create awareness about health and hygiene among female students and staff
2. To create social awareness about the problems of women in general and gender discrimination in particular by means of programs like lectures, workshops and seminars and
3. To conduct training programmes that helps to develop self-confidence, self- respect and personality development among woman staff and students as well as for the encouragement of self-reliance among them.
4. To create legal awareness among women by informing about Women Welfare Laws.

The WDC of our college include the following members during the academic year 2021-22:
